## FOUR PERSONS DEAD

AND EIGHT OTHERS MAY HAVE  
LOST THEIR LIVES IN FIRE  
AT KANSAS CITY, KAN.

MANY PEOPLE ARE INJURED

ONLY ONE BODY HAS SO FAR  
BEEN RECOVERED FROM THE  
BURNED BUILDING.

Kansas City, Mo., Oct. 26.—Four persons are known to be dead, eight others are missing, two are fatally injured and fifty more are more or less seriously injured as the result of the fire which destroyed the Chamber of Commerce building in Kansas City, Kan.

A single body has been recovered from the ruins, that of D. R. Young, aged sixty-two years. It is known that Charles A. Lynch, a laborer, and the infant son of Mr. and Mrs. George Sparks are dead, but their bodies have not been recovered.

J. F. Branham, a wagonmaker, died at a hospital as a result of injuries received.

It is stated at the Kansas City, Kan., fire department headquarters that three bodies are positively known to be in the ruins. The firemen have abandoned their search for bodies and the work of delving into the ruins will be taken up by the police department.

A railroad man, standing near the burning building, heard a man in a second-story window giving the Brotherhood of Railway Firemen's distress signal, of which he was a member. Finding a rope, he threw it to his brother fireman, who, instead of saving himself, passed it to a woman in the window above him. The woman saved herself, but the man was lost. His name is not known.

WILL DESTROY OLD ARMS.

Those Accumulated in Cuba for Forty Years to Be Thrown Into the Sea.

Havana, Oct. 26.—Carrying out further the policy under which the arms surrendered by the insurgents have been destroyed, orders have been given that a great quantity of arms, the accumulation of the past forty years, now stored in the casemates of Morro castle here, be thrown from the battlements of the castle into the sea. This work is being done by the present garrison of Morro castle under the supervision of American officers. Most of the guns are of obsolete pattern. About 10,000 stands of arms are thus to be rendered useless. It is intended to do away with similar accumulations of arms in all the other fortresses of the island. The destruction of weapons is entirely a precautionary measure.

Governor Magoon has accepted the resignation of Gaston Mora, under secretary of government, and has appointed Manuel Sobrado to his place. Sobrado is a former member of congress and an Independent.

THREE DUELISTS WOUNDED.

Cubans Indulge in Gory Combats With Swords.

Havana, Oct. 26.—Two duels in which three of the combatants received injuries which disabled them, were fought in Havana. City Councilman Ramon Mendoza, who acted as aide-de-camp to General Leonard Wood during the first period of American intervention, challenged Eduardo Alonzo, an editorial writer on El Mundo, alleging offensive editorial expressions. The men fought with broadswords and each sustained a severe cut in the arm.

Dr. Manuel Secades, a former insurgent officer, challenged Captain Poe, who was at one time aide-de-camp to ex-President Palma, because of an alleged personal insult during a political discussion. In this fight Captain Poe was badly wounded by a sword thrust in the leg.

ALLEGED ROBBERS CAPTURED.

Six Supposed Safe-Crackers Rounded Up by a Posse in Ohio.

Cadiz, O., Oct. 26.—After a desperate encounter between a posse of armed citizens and officials on one side and six alleged bank robbers on the other, the latter were rounded up at Jewett, and brought to this place, where they are now in jail.

The men are charged with having dynamited the safe of the First National bank of Bowerston, this county, Wednesday night. The report of the explosion aroused people of the town and the robbers, who escaped on a hand car, were pursued by the posse, who captured them. The safe of the bank was wrecked, but the robbers did not get any money.

WITH UNABATED VIGOR.

Political Campaign in New York State Is Carried On.

New York, Oct. 26.—With Mr. Hughes in Ithaca and Mr. Hearst in Madison Square Garden in this city, the gubernatorial campaign was carried on at widely separated points and with unabated vigor. At Madison Square Garden there was a great gathering of union labor to ratify the nomination of Mr. Hearst by the Democratic and Independence league parties and three speeches by the candidate—one in the Garden and two outside at either end of the big building. The crowds were enthusiastic and demonstrative, cheering Mr. Hearst whenever opportunity offered. Preceding the gathering at the Garden there was a long parade of labor organizations.

Mr. Hughes, the Republican candidate, began his speechmaking at Binghamton, where he delivered two talks to large crowds, and traveled thence to Ithaca, where he spoke twice more.

Besides the Madison Square Garden labor ratification in this city, there was a Tammany mass meeting in Harlem and meetings by the judicial nominators and the West End Republican club at other places. At the Democratic club the Tammany nominees for the supreme bench, ten in number, were formally notified.

POLITICAL RIOT IN NEW YORK.

Supporters of Hearst Smash an Unfavorable Campaign Exhibit.

New York, Oct. 26.—Several hundred men who had participated in the labor union demonstration in Madison Square Garden in honor of William R. Hearst attacked a banner picture of Charles E. Hughes, the Republican gubernatorial nominee, and a stereopticon view which was unfavorable to Mr. Hearst in front of the Independent Democratic Municipal Ownership league headquarters at the Hotel Bartholdi.

After a fierce struggle with four policemen who had been specially detailed to guard the stereopticon apparatus and banner, the crowd completely wrecked the campaign exhibit and smashed a large plate glass window of the cafe of the hotel. One policeman was badly cut. The police used their clubs with effect.

Reserves were hurried to the scene and soon cleared the streets. Several arrests were made.

The Independent Democratic Municipal Ownership league is an organization claiming to have supported Mr. Hearst for mayor last year, but is now opposed to him.

ON LITTLE POWDER RIVER.

Band of Refractory Utes Held There by the Storm.

Cheyenne, Wyo., Oct. 26.—The band of Ute Indians who are to be rounded up by the United States cavalry and escorted back to their reservation are now on Little Powder river, about forty miles north of Gillette, Wyo., and are temporarily camped there on account of the storm.

Major C. H. Grierson, in command of Troop M, Tenth cavalry, which was sent to escort the Indians back to their reservation, decided, after they refused to surrender, to await reinforcements before rounding them up, and orders have been issued by General A. W. Greely to send two more troops of the Tenth cavalry from Fort Robinson, Neb. As soon as these arrive at the military camp the entire battalion will move forward and surround the Indian camp on Powder river and demand the surrender of the Utes, who are 300 strong. If they still refuse to accompany the troops, an attack will be the only alternative.

ACTIVE INVESTIGATION.

Began Into Charges Against Mutual Life Insurance Company.

New York, Oct. 26.—The Tribune says District Attorney Jerome has begun an active investigation of recent coercion-conspiracy charges against the Mutual Life Insurance company.

E. C. Sutton, the company's ex-manager at Springfield, Mass., was the first witness, spending several hours closeted with Assistant District Attorney Nathan A. Smyth, to whom for the present, it is understood, Mr. Jerome has assigned the case.

The investigation is directed particularly against the company's committee on insurance agencies. The following men compose this committee: Henry H. Rogers, Dumont Clarke, Julien T. Davies, William P. Dixon, William H. Truesdale, President Peabody and Vice President McClintock.

Colored Robber Captured.

St. Paul, Oct. 26.—John H. Hoerish, a boot and shoe dealer at 377 West Seventh street, was shot and slightly wounded in his store by a colored man whom the police at first suspected of being "the man who shoots," who has been causing a reign of terror in Minneapolis. Investigation, however, convinced the police that he is not the man. The colored man was captured. He gave his name as Luther D. Johnson. He robbed Hoerish of two pair of shoes.

## MYSTERY OF THE SEA

MORE THAN FOUR HUNDRED LIFE PRESERVERS COME ASHORE NEAR CAPE HATTERAS.

ALL OF THEM ARE MARKED

BUT NO VESSELS OF THE SAME NAME ARE LISTED IN THE MARINE REGISTER.

Norfolk, Va., Oct. 26.—A maritime puzzle that may be the result of an ocean tragedy, came ashore near Cape Hatteras in the shape of more than 400 life preservers.

Between Hattaras and Big Kinnakeet the beach is strewn with the cork jackets. Some are marked "Caswitz, Rettunysurcer, G. R. P. No. 108,341." Others are stamped "Sealanan." Two bear the name "Smeski." Three miles north of Big Kinnakeet a part of a white yawl boat and a fragment of a boat's gunwale washed ashore. There are no marks on this wreckage.

Because all the life preservers and the pieces of wreckage came on the beach on such a limited area, and because of the large number of jackets, shipping men here are of the opinion that whatever the cause may be, it occurred not far from the coast, and that if there is a wreck it is probably that of a passenger ship. A search among marine records has failed to reveal any names that correspond with those on the life preservers, and life preservers are generally marked with the name of the boat they are on.

AFTER TERRIBLE SUFFERING.

Five Hurricane Victims Rescued by a British Vessel.

Norfolk, Va., Oct. 26.—Counting the minutes, which seemed to them to be but few intervening between them and death, bruised, bleeding, hungering and athirst, five men adrift on a bit of wreckage off the Florida coast saw one of their companies whose sufferings had driven him mad, throw himself into the sea to death and not long afterward a ship saved their lives.

The five survivors of one of the greatest tragedies that has ever occurred on this coast were landed here by the British steamer Heatherpool, Captain John Grieves commanding, which arrived for bunker coal, being en route from New Orleans to Rotterdam. The survivors are Frank Revelly of Marianna, Fla.; Gus Johnson of Brooklyn, N. Y.; Ben Clark of Somerville, Mass.; Abner Bell of Kissimmee, Fla., and John Campbell of Philadelphia. They, with about 145 others, were constructing a concrete viaduct for the Florida East Coast railway through the Florida keys, and were aboard houseboat No. 4, which lay anchored off the coast on the night of Oct. 17. The great hurricane that swept over the coast struck the houseboat about 1 o'clock on the morning of Oct. 18, and No. 4 broke adrift. The houseboat soon afterwards foundered and all of the 150 men aboard were thrown into the sea. The houseboat was dashed to pieces by the waves.

Many of the men were killed by heavy timbers, which struck them as they were struggling to find means of rescue. Six men lashed together two timbers, one 10 by 20 inches in thickness and breadth and the other probably 14 inches and both 20 feet long, and lived on this raft until one man became mad from suffering and injury and threw himself into the sea.

CAPTAIN AND CREW SAVED.

Barkentine Skagit Wrecked on Vancouver Island.

Victoria, B. C., Oct. 26.—The barkentine Skagit, 445 tons, for Port Gamble, drove ashore on the Vancouver Island coast within a few miles from where the Valencia disaster occurred. Captain Ross and all of the crew reached shore in safety, although some were injured and were succored by David Logan, the linesman, who did such excellent work during the Valencia disaster. The Skagit is a total wreck. She was bound from San Francisco, which port she left Oct. 9, for Port Gamble, and encountered heavy fog. The vessel was in the breakers before the crew was aware of the danger.

The scene of the disaster has been the graveyard of many vessels, notably the Valencia, Uncle John, Janet Cowan, Atalanta, Vesta and other craft.

HURRICANE IN JAPAN.

Several Hundred Coral Fishing Boats Are Missing.

Tokio, Oct. 26.—A hurricane has swept over Southwestern Japan. Several hundred coral fishing boats are reported missing. Each boat is manned by at least two sailors.

THE Pine Tree Blaze predicts that while Cass county gave Mr. Lindbergh the strongest opposition of any county in the district at the primaries it will give him the biggest majority at the November election.

MEN who receive the nomination for office on the republican ticket are not ashamed to herald the fact to the world. It is different with democratic candidates for congress and the legislature in this neck of the woods who circulate their literature without party designation.

THE democratic press bureau is assiduously circulating the statement that A. L. Cole owns several thousand acres of swamp land in the northern part of the state and that if the state drains these lands it will add to the value of Mr. Cole's property. The statement is absolutely without foundation as Mr. Cole does not own one acre of swamp land nor an acre of any land that would be benefitted by the drainage of swamp lands.

#### Result of Neglect.

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow packages. H. P. Dunn & Co. mfwf

### WORK WEAKENS THE KIDNEYS

Doan's Kidney Pills Have Done Great Service for People Who Work in Brainerd

Most Brainerd people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious housework; lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear, weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs—Brainerd cures prove it.

Mrs. Peter Christenson, of 1101 Rosewood St., S. E., Brainerd, Minn., says: "It is over two years ago when Mr. Christenson was doing heavy contracting work that kidney complaint made its appearance in the form of backache and pains over the kidneys. Sometimes it caused lameness so bad that it required great effort to keep at work, and at best there was a continual annoyance. Doan's Kidney Pills, sold by H. P. Dunn & Co., druggists, were procured on the advice of a friend, and the results of their use was so satisfactory that every symptom of his trouble disappeared. The improvement in his condition has remained unchanged during the time which has elapsed since then."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

4. Recitation. By Valentine Hayes.
5. Address. By J. A. Burger, Supt. of Staples schools.

Mrs. Dial, supervisor of music in the Brainerd schools, has promised music for this session.

There will also be a session held in the high school room tomorrow forenoon, commencing at 8:30. The program will be as follows:

1. Primary reading. By Mrs. Inez Drake, of the Gilbert school.
2. The development of a geography lesson. By Mary Cosgrove, of the Oak Lawn school.
3. Teacher or copy book. By Miss Howland, of the Fort Ripley school.
4. Round table discussion.
5. Distributing certificates of attendance. By the county superintendent.

The public is invited to all sessions of the association and especially to the session this evening.

#### Among

#### Foundry Men

Foundry workers are complaining of a strange malady which physicians say is caused from the intense heat and dust to which the men are exposed. The pores being opened by the heat are clogged with the dust that fills the air and makes it impossible for the impurities of the body to pass off in the natural way. The blood becomes filled with poisons and sickness follows.

Jos. Coughlin, a stove worker, living at 125 Sixth Street, Detroit, Mich., recently recovered from a protracted illness caused in this way. Regarding his case Mr. Coughlin said:

"In the spring and fall I was always worse. A tired-out feeling accompanied by constant headaches and nervousness made it difficult for me to work and all the medicine I tried did not seem to benefit me until I heard of the famous Cooper's New Discovery. It quickly drove the poisons out of my system and every trace of my illness disappeared. I consider it a wonderful spring and fall medicine and now am never without it."

Cooper's New Discovery is the medicine with which L. T. Cooper has accomplished such remarkable results in cities visited by him in cases of catarrh, deafness, rheumatism, stomach and kidney troubles and blood diseases, and sells for one dollar per bottle. Cooper's Quick Relief, the assistant remedy which is used in connection with the New Discovery costs 50c.

The special agency for Cooper's medicines has recently been granted to H. P. Dunn & Co. of this city.

## WINNING TICKET IS NOMINATED

Republican City Convention Nominates Full Ticket by Acclamation

HON. A. J. HALSTED FOR MAYOR

Rousing Meeting After Convention—Success Assured in City and County

The republican city convention was held last night at the court house, the spacious court room being filled with spectators. The delegations elected from the various wards, as published in THE DISPATCH last night, were promptly on hand and the convention was called to order by Chairman Wright and the temporary organization was perfected by the election of Dan Doran as chairman and Geo. H. Gardner as secretary. A committee on credentials consisting of Milton McFadden, Eric Kronberg and F. H. Gruenhagen was appointed and they reported the membership of the convention, after which the temporary organization was made permanent. D. D. Smith and J. M. Heffner were appointed tellers, but their services were not arduous as the nominations were all made by acclamation.

A. J. Halsted was placed in nomination in a very neat speech by F. E. Kenney, Dr. Hoorn naming Clifton A. Albright as municipal judge, D. L. Fullerton placed Wm. Nelson in nomination for assessor, and A. E. Veon putting the name of Judd Wright for treasurer and Geo. E. Gardner as special municipal judge before the convention. The nominations were made unanimous.

The convention ratified the action of the various wards for aldermen and members of the board of education, in the Third ward Mr. Halladay declining to accept the nomination for alderman and the name of Geo. Fox was substituted. There were two members of the board of education to elect in the Third ward caused by the resignation, owing to removal from the city, of C. A. Nichols and Thos. Halladay drew the long term and J. B. Lawrence the short.

After the appointment of Judd Wright as chairman of the city committee the convention adjourned and following the adjournment addresses were listened to from John Swift and Wm. Templeman, of St. Paul. The gentlemen gave some very good reasons why A. L. Cole should be elected governor of the state and held the attention of the audience for an hour. At the close of the speaking the gentlemen were urged to remain over and give a noon talk at the N. P. shops and accordingly arrangements were made and carried out to that effect.

### THE CITY CANDIDATES.

Hon. A. J. Halsted, the nominee of the convention for mayor comes before the people of Brainerd for election at a time when a man well versed in city affairs is needed at the helm of the city government. Questions of vital importance affecting the city's welfare will come up during the next two years that will require good judgment and a thorough knowledge of city affairs and city needs by the mayor as the executive head. Mr. Halsted has served in the capacity of mayor of this city three terms in years gone by and his administration of affairs was entirely satisfactory to the people of Brainerd. He is no stranger to our people and is probably as well and favorably known as any in the city today. He has lived in Brainerd for over twenty years and has seen the city grow from infancy to maturity and in his business as a newspaper man he has kept in touch with all the phases affecting the business interests, he is an ideal man for the position at this time and the republican party made no mistake when they placed him in nomination for the place. He is a polished gentleman and will represent our city in an acceptable manner abroad as well as at home, broad minded, always having the city's interest at heart, we believe he will be elected by as large a majority as was ever accorded any candidate for the position since the city was organized.

C. A. Albright, the nominee for municipal judge, needs no introduction to the people at the hands of THE DISPATCH. Although a young man he is numbered among the old residents of Crow Wing county, coming here in 1882 and for a time making his home in Garrison township. Removing to the city he entered the schools here and graduated from the Brainerd high school in 1891. In 1898 Mr. Albright finished his course at the Minnesota law school, graduating with honors from that institution, and his education along these lines is entirely due to his own efforts, he not having been blessed in early manhood with the advantages necessary to acquire these qualifications without a struggle. Mr. Albright is a young man of good character and habits, and is well fitted for the position. He has been special municipal judge for the past two years and has occupied the bench in the absence of Judge Warner; his decisions have always been fair and just, and he stands well with the gentlemen of the legal profession in the city and has their confidence and respect. The office of municipal judge is one which should at all times be presided over by a man thoroughly capable of rendering a fair and impartial decision in all matters coming before him. We believe the nomination of Mr. Albright to this position will meet with the approval of the people of this city at the polls in November and that he will be elected by a good majority. He has always been a staunch republican and is entitled to the recognition he has received.

Judd Wright, the nominee for city treasurer, is as thoroughly capable of handling the city's finances as any man that could have been selected. He has held the position for some time and his renomination is a recognition of the confidence placed in him by the voters and tax payers of the city. Mr. Wright is probably as thoroughly posted on city matters as it is possible for a man to be and his thorough knowledge makes him a valuable officer of the city in whatever position he occupies. The republican nomination this year is as good as a certificate of election and Mr. Wright is lucky in being able to capture the same without opposition.

Wm. Nelson, the nominee for city assessor, has held the position for one term and is much better qualified to assume the office after the experience he has acquired than a new man. He is thoroughly acquainted with the city and his renomination without opposition is a compliment that he appreciates in the highest degree.

George H. Gardner, the nominee for special municipal judge, is a rising young attorney who will fill the position with credit to himself and his profession.

### CATARRH SEASON.

Disease Most Prevalent in the Fall Months. Simple Way to Cure.

With the cool nights of fall, catarrhal troubles in Brainerd are becoming more and more prevalent, and H. P. Dunn & Co., as a consequence, find their sales of Hyomei increasing.

At the first warning of catarrh, one should begin using Hyomei. A few days' treatment at this season of the year will often prevent a serious and chronic attack of catarrh.

There is no stomach dosing with Hyomei. The virtues of its healing oils and balsams are breathed through a neat pocket inhaler that comes with every outfit, and in that way the medication penetrates to the most remote cells of the nose, throat and lungs, killing catarrhal germs whenever present, and soothing and healing any irritation there may be in the mucous membrane.

If you have a cold, or there is any offensive discharge from the nose, or tickling or dropping at the back of the throat, if there is offensive breath, raising of the mucous, and smarting and irritation in the throat; if there are any of the symptoms that indicate catarrhal troubles, begin the use of Hyomei at once.

You take no risk in paying \$1 for a Hyomei outfit, as H. P. Dunn & Co. give their personal guarantee that if the remedy does not afford satisfaction, your money will be refunded at once. Extra bottles of Hyomei, if needed, cost but 50 cents, making this most economical treatment for catarrh, as well as the most reliable.

### NO TRUTH IN THEM

C. C. Kyle States that there is no Truth in Rumors as to Enlargement of the Shops

Chief Clerk Kyle, of the N. P. shops says THE DISPATCH was seeing things last night when it published the rumors as to the proposed improvements at the shops, and declares that there is no truth in them. They were only published as rumors and shop talk and the article expressly so stated.

It is really one of the most wonderful tonics for developing the figure and soothing the nerves ever offered to American people. Hollister's Rocky Mountain Tea or tablets 35c. H. P. Dunn & Co.

### AMUSEMENTS

"The Woman Hater" Tonight

Manager J. J. Coleman has engaged an excellent company to support Harry Beresford in David D. Lloyd's eccentric comedy, "The Woman Hater" this season. Miss Helen Travers will be the leading comedienne. Miss Margaret Lee will be the character comedienne and Miss Mildred Johnson will be the ingenue. It is rather remarkable that ever part in this play is a comedy part for even comedies often harbor a villain and other serious roles. Harry Gibbes Hocky will be the principal character comedian in support of Mr. Beresford. Otto F. Andrie will essay the eccentric character comedy role and H. H. Sleight will have a character comedy part. Edwin Belden will be the light comedian and be it said with due reverence, his good looks will please the ladies. Harry Creighton will portray a character role and last but not least C. Y. O. Pugh will strive to amuse in a similar character. Harry Beresford in "The Woman Hater" will be the attraction at the opera house tonight.

A Card From Mr. Zakariassen.

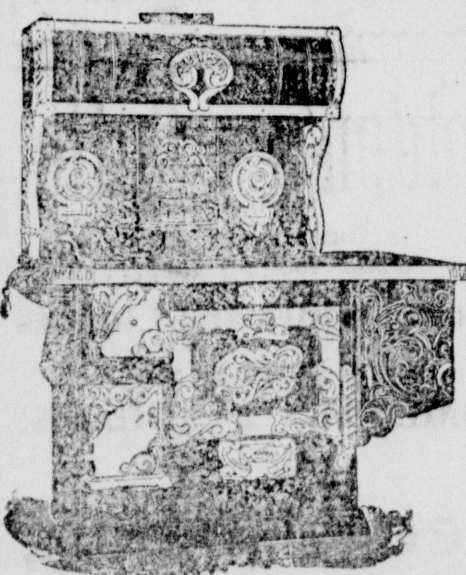

EDITOR DISPATCH:

Just a word to the voters of the City of Brainerd. I wish to state that as a candidate for alderman from the Fifth ward, that I stand for municipal ownership of waterworks, that I have always believed and do believe now that the city of Brainerd should own its own water plant, and I am opposed to giving franchises of any sort. I am also opposed to bonding our city and in favor of lower taxes and lightening the burden of the taxpayers. I make this statement because I have heard it rumored that I was a Tighe man and in favor of another franchise and some political workers are endeavoring to put another candidate in the field and are using this argument, which is unfounded, against me. I am for municipal ownership from first to last and trust that the voters will not listen to those false statements. Yours Truly, P. M. ZAKARIASEN.

## BATTLESHIP MINNESOTA.

Successfully Undergoes a Four-Hour Endurance Trial.

Boston, Oct. 26.—The new battleship Minnesota, a product of the Newport News Shipbuilding and Drydock company, had a successful four-hour endurance trial off the New England coast, maintaining an average speed of 18.851 knots an hour. Her contract speed is 18 knots an hour.

The trial, which followed the secret standardization test in Penobscot bay was made under particularly adverse conditions, the big battleship plunging into a very heavy head sea all the way from Monhegan Island, off which the start was made, to the finish which was some distance off Cape Ann.

The engines worked smoothly throughout the trial, developing 23,000 horsepower and the propellers maintaining an average revolution of 122.92 a minute.

The Minnesota, after dropping the trial board on a tug in Massachusetts bay, passed out by Highland light just before dark. She probably will arrive at Newport News Saturday.

### Big Arms Factory Burned.

Paris, Oct. 26.—The Barriquand and Marres arms factory, situated in the Rue Oberkampf, has been destroyed by fire. The factory was one of the most important in France. The losses are placed at many millions of francs. A number of firemen were injured and a woman died of fright during the fire.

## REJECT COMPROMISE

COMMITTEES FROM THE SWITCH-MEN'S UNION STAND BY THE ORIGINAL DEMANDS.

ARE IN A CONCILIATORY MOOD

RAILROAD MANAGERS SAY THEY ARE WILLING TO MAKE REASONABLE CONCESSIONS.

Chicago, Oct. 26.—A compromise of 2 cents an hour increase in wages offered by the railroads has been rejected by committees representing the Switchmen's unions of the entire country. The men are holding out for the original demands submitted a month ago, calling for a minimum scale of 42 cents an hour for firemen, 38 cents for helpers and an eight-hour day. Despite the failure of negotiations, both sides express the belief that there would be no strike. The railroad managers are in a conciliatory mood and are willing to make reasonable concessions, they say, in the way of increased wages, but they will not consider the question of reducing working hours at this time.

Every railroad in the country on which members of the Switchmen's Union of America are employed has received from that organization a demand for increased wages, and an eight-hour day. With the demand was also presented notification that unless satisfactory terms are reached a strike vote will be taken by the union within two weeks.

## SUSPENDED FROM OFFICE.

District Attorney of San Francisco Is Removed.

San Francisco, Oct. 26.—Acting Mayor Gallagher has suspended District Attorney Langdon from office and the board of supervisors approved his action. Langdon was notified to appear before the board next week and show why he should not be removed from office.

The suspension of Langdon follows his appointment of Francis J. Heney as assistant district attorney for the purpose of securing indictments of officials alleged to be guilty of grafting and malfeasance. It has been openly announced that Heney and Secret Service Agent Burns have been investigating matters with which Mayor Schmitz, Acting Mayor Gallagher, Abraham Ruef and the board of supervisors were connected. Langdon is at present a candidate for governor on the Independence league ticket.

## PRICES FOR FARM PRODUCTS.

East St. Louis, Ill., Oct. 26.—The following minimum price scale was adopted at the session of the American Society of Equity:

Wheat, \$1; corn, 45 cents until Jan. 1; 50 cents Jan. 1 to April 1; 55 cents April 1 until the next meeting of the society; oats, 40 cents; cotton, 12 cents, based at New York; hogs, \$6.50; cattle, \$6.00; hay, \$14. With the exception of cotton, all prices are based on delivery at Chicago.

The following officers were elected: President, J. H. Everitt, Indianapolis; vice president, J. B. Whiting, Interlaken, N. Y.; secretary, J. W. Tubbs, Indianapolis; treasurer, J. N. Stelle, Indianapolis; national organizer, H. E. Sherman, Greensburg, Ind.

## JAPS BECOME CALMER.

Tone of the Japanese Press Is Sobering Down.

Tokio, Oct. 26.—It is believed here that the anti-Japanese feeling existing in America is confined to the labor element in America. The tone of the Japanese press is sobering down. Thoughtful Japanese believe that if the country allowed itself to be carried away by a momentary excitement against America this would only play into the hands of those who are anxious to alienate foreign sympathies from Japan. It is generally felt that the friendship between America and Japan is too deep-rooted to be sacrificed through local animosities.

## REMARKABLE ACHIEVEMENT.

Pensacola Wireless Station Communicates With Ship at New York.

Washington, Oct. 26.—A remarkable achievement in wireless telegraphy is reported to the navy department from the Pensacola station. That plant has been able to keep in constant communication with the United Fruit company's steamer Preston from the time that vessel left New York until it arrived at Honduras. The station also received messages from the Prestor while that ship was entering New York harbor, where she was undoubtedly bathed in electric waves from other stations and ships. A curious fact is that the Pensacola station has not been able to repeat this performance with any other steamer than the Preston, notwithstanding the fact that the plants are alike on all the United Fruit liners.
